TO BE COMPLETED BY EMPLOYEE

My request to convert sick leave hours to vacation leave hours may not exceed the number of hours specified below. The conversion factor to exchange sick leave hours for vacation leave hours is 70%. For example:

SICK LEAVE BALANCE AT TIME OF CONVERSION	SICK TO VACATION LEAVE CONVERSION HOURS
40 Hours	28 Hours
32 Hours	22.4 Hours
24 Hours	16.8 Hours
16 Hours	11.2 Hours
8 Hours	5.6 Hours

Note: Sick leave may be converted in increments of ¼ hours or more.

I elect to convert the following leave hours:

Number of sick leave hours	Converted number of vacation leave hours	Fiscal year	
		Begin	End

- ✓ I understand I can elect this conversion only once per fiscal year.
- ✓ I understand that if my converted sick leave hours result in my vacation hours exceeding the maximum allowed by my MOU, I will cease to accrue vacation leave until my hours fall below the stated maximum.
